TVI Corporation Receives Order for Surge Capacity Systems from Lehigh Valley Hospital and Health Network

Network Includes One of Pennsylvania's Largest Licensed Teaching Hospitals

GLENN DALE, MD – March 13, 2007 – TVI Corporation (NASDAQ: TVIN), a global supplier of first receiver and first responder products and provider of event shelter and equipment rentals, today announced it has received an order for its Pneumatic Mobile Surge Hospital System valued at more than \$200,000 from the Lehigh Valley Hospital and Health Network (LVHHN) in Eastern Pennsylvania. The order was purchased through a grant funded by the Health Resources and Services Administration (HRSA).

The Lehigh Valley Hospital and Health Network is one of the largest teaching facilities in Pennsylvania consisting of three clinical campuses -- two in Allentown and one in Bethlehem, Pennsylvania. LVHHN is one of only 400 members of the prestigious Council of Teaching Hospitals and is a chief clinical campus of the Penn State University College of Medicine, Hershey. The LVHHN has been ranked nine straight years by U.S. News & World Report as one of the top providers in the nation.

“We are proud our surge system has been chosen by such a prestigious hospital as the LVHHN,” said TVI Corporation’s President and Chief Executive Officer Richard V. Priddy. “TVI’s Pneumatic Mobile Surge Hospital is a stand-alone system that includes a 20-bed pneumatic shelter, trailer/storage, generator and HVAC. The system will provide the Lehigh Valley Hospital and Health Network the ability to rapidly respond to a major public health emergency in its community.”

“We have been seeing an increasing level of interest in our surge capacity mobile hospital product suite, particularly at the local level,” Priddy said. “We are working diligently to more rapidly translate that activity into sales and generate additional momentum in this promising segment of our business.”
