About TVI Corporation

TVI Corporation, located in Glenn Dale, Maryland, is a global supplier of rapidly deployable first receiver and first responder systems for homeland security, hospitals, the military, police and fire departments, and public health agencies. The Company designs, fabricates and markets products and systems both through distributors and directly to end-users and OEMs. These systems include chemical and biological decontamination systems, infection control systems, and powered air respirator systems for individuals. The Company's core systems are fabric shelter structures, which employ the Company's proprietary articulating frame. The Company also sells a line of thermal products, which includes targets, IFF (Identification Friend or Foe) devices, beacons and markers, and decoys.

During the past several years, TVI's product line has expanded to include Chem/Bio Isolation systems for hospitals and first responders, trailerized first responder products, crime scene investigation systems for police, and mobile hospitals. TVI's products, and others of their kind, represent integral components of a standard decontamination process.
