BODY / SCENE SHIELD

The Body Shield will provide you added security and safety, preventing the public and media from viewing and photographing victims adding a level of professionalism and respect to the victim.

Why not cover the body with a sheet?

LOCARDS EXCHANGE PRINCIPLES

Simpson case– Defense argued that the bodies were covered with a sheet from an ambulance, therefore hairs found on the victim could have been transferred from source other than suspect.

For use in the following incidents:

- Crime Scene
- Car Crashes
- Evidence Collection

Features:

- Compact and portable enough to fit in your police vehicle
- Velcro to attached Optional Signage, Department Seal
- Provides room to work and examine body
- Transport Bag
